IN THIS ISSUE:

- GUIDE TO ELECTRIC CAR ETIQUETTE
- TIPS TO PREVENT FRUIT FLIES/GNATS
- NEXT BLOOD DRIVE – SEPT 24
- BUILDING HAPPENINGS
- BLUE FRIDAY IS BACK!
- MONTHLY CALENDAR

**#1** Do not take the charging station spot if your vehicle does not require a cord to refuel, ie: has an Internal Combustion Engine (or ICE). The law in Washington State requires that a vehicle *MUST* be plugged in if parked in an EV charging space.

**#2** After fully charged, move to a regular parking spot to open up the charging stall. Tools on your smartphone can help you track your battery status. This is another requirement of the law.

**#3** Like any other cord, be careful to place it where no one can trip, including you. Also, if left where vehicles can run over it, the cord's insulation may break down and create the risk of electric shock.

**#4** Consider this...put a note on your vehicle letting people know how to contact you if they need the space after your vehicle is charged.

**#5** If you charge at a friend's house, offer to pay for the "fuel". They will likely appreciate whatever change you may have in your pocket.

**#6** Be the Robin Hood of EV's. Explain to someone who complains that the space is your "fuel station" and not just a lucky parking spot.

## **IT'S SUMMER...TIPS TO PREVENT FRUIT FLIES/GNATS**

*The best treatment for fruit flies and gnats is prevention:*

1. Keep ALL fruit and food covered and/or sealed. Better yet, just eat it and take home any leftover food/fruit you have around your office. The longer fruit sits out, the sweeter it gets, which will ultimately attract fruit flies. The only way to get rid of fruit flies is remove ALL fruit/food.
2. Keep your food clean. This goes for any fruits and veggies that might sit on your counters or desk. Gnats are attracted to a microscopic fungus that can be found on produce, so keep it clean.
3. Take care of any dirty dishes and rinse out cans/plastic items before tossing them in the recycling bin (ie: soda cans, soup cans, yogurt containers, etc.). Food items and/or dirty dishes sitting around for long periods of time, are sure to attract fruit flies, so make sure you do those dishes!
4. Replace poor quality soil in houseplants and potted plants. Poor quality soil can attract fungus gnats, so make sure you're upgrading your soil when needed. To test if your soil has gnats, just tap on the edge of the planter a couple times and see if any flies fly out.
5. If you notice fruit flies or gnats in your work area, please contact the Property Management Office so we can assist you in finding and eliminating any potential source.

## **BLOOD DRIVE**

**TUESDAY, SEPTEMBER 24**

**9:00 AM – 3:00 PM** (CLOSED 11:00 AM – 12:00 PM)

**PRESENTATION ROOM**

**WWW.BLOODWORKSNW.ORG**

### **We are Scent Free**

Help us keep the air we share healthy and fragrance free. Please avoid wearing or bringing scents into our sites, including perfumes, scented fabric softener, hairsprays, lotions, candles or fresh-cut flowers.

**No scents make good sense.**

**BUILDING HAPPENINGS**

**BE THE MATCH INFORMATION & DONOR DRIVE  
IN MEMORY OF SCOTT GEIST**

**WEDNESDAY, AUGUST 21 / 11:30 AM – 1:30 PM  
2<sup>ND</sup> FLOOR MEZZANINE**

*Be The Match* is the largest registry of potential stem cell donors in the world, delivering cures by helping patients get the life-saving blood stem cell transplants they need. Because the genetic traits used to determine matches are inherited, patients are most likely to match donors with very similar ethnic background. Currently, many patients who could be saved by a stem cell transplant never find one. That doesn't mean their perfectly matched donor doesn't exist – it means that they weren't on the registry – yet. Come learn about *Be The Match*, ask questions, sign up to register, and maybe even save a life while you're at it. *This Be The Match Donor Drive is in memory of our co-worker and friend Scott Geist.*

**FREE HOME ENERGY ASSESSMENT**

**THURSDAY, AUGUST 22 / 10:00 AM – 2:00 PM  
2<sup>ND</sup> FLOOR MEZZANINE**

PSE will be onsite with information on FREE Home Energy Assessments available through PSE. Come check it out...what do you have to lose?

**GO HAWKS!**

**WELCOME BACK BLUE FRIDAYS!**

Dust off your gear, ruffle your feathers, and show your Seahawk pride  
every day before (or day of) game day this season.
